

The Emergency Response Capabilities Database & Reporting Tool is a free, web-based resource developed to enhance emergency preparedness and response planning in communities with pipeline infrastructure. The application can be accessed by going to www.capabilities.pipelineawareness.org

Please submit information regarding your organization's response capabilities by completing the following form. The information will be added to the database and will be included in the online reports. The email information you enter on this form will be used as your initial username and password.

Once the information has been submitted, you will receive a confirmation e-mail to verify that the capabilities have been added to the online system. Please e-mail the completed form to info@pipelineawareness.org, mail to 16361 Table Mountain Parkway, Golden, Colorado 80403, or fax to 720-446-2960.

Organization Information

Organization Name:

Contact Name:

Contact Email:

Contact Phone:

- Organization Type: CEMA or LEPC Hazmat Unit PSAP or 911 Center
 EMS Department Pipeline Company Sheriff Department
