ABOUT LIBERTY MIDSTREAM SOLUTIONS, LLC

Liberty Midstream Solutions, LLC (LMS) is a Denver-based Company focused on providing producer oriented midstream services in emerging oil and gas resource plays to help producers maximize returns on investments through reliable and efficient oil, gas and water gathering, gas processing, water delivery and produced water disposal services. LMS principals bring decades of experience in providing midstream solutions to producers across all major oil and gas resource basins in the United States.

LMS was formed in 2014 with the principal financial support of Riverstone Holdings LLC, an energy and power-focused private investment firm with approximately \$30 billion of equity capital raised. LMS was formed as a result of recognizing demand for water logistics and gas gathering services in Williams and Mountrail Counties near Tioga, North Dakota.

Current Operations are located in Williams and Mountrail Counties, North Dakota.

WHAT ARE THE SIGNS OF A NATURAL GAS PIPELINE LEAK?

- Blowing or hissing sound
- Dust blowing from a hole in the ground
- Continuous bubbling in wet or flooded areas
- Gaseous or hydrocarbon odor
- Dead or discolored vegetation in a green area
- Flames, if a leak has ignited

WHAT SHOULD I DO IF I SUSPECT A PIPELINE LEAK?

Your personal safety should be your first concern:

- Evacuate the area and prevent anyone from entering
- Abandon any equipment being used near the area
- Avoid any open flames
- Avoid introducing any sources of ignition to the area (such as cell phones, pagers, 2-way radios)
- Do not start/turn off motor vehicles/ electrical equipment
- Call 911 or contact local fire or law enforcement
- Notify the pipeline company
- Do not attempt to extinguish a natural gas fire
- Do not attempt to operate any pipeline valves

PIPELINE SAFETY

System failures occur infrequently along the nation’s network of interstate natural gas pipeline facilities, and many of these are caused by damage from others digging near the pipeline. We watch for unauthorized digging, but we request your help to notify us.

ALWAYS CALL 811 BEFORE YOU DIG!

**Know what's below.
 Call before you dig.**

PIPELINE LOCATION AND MARKERS

Pipeline markers are used to indicate the approximate location of a natural gas pipeline and to provide contact information. Aerial patrol planes also use the markers to identify the pipeline route. Markers should never be removed or relocated by anyone other than a pipeline operator.

**EMERGENCY CONTACT:
 1-701-664-3035**

Changes may occur. Contact the operator to discuss their pipeline systems and areas of operation.

You can also find out where other companies’ pipelines are in your area by going to the National Pipeline Mapping System website at www.npms.phmsa.dot.gov.

EMERGENCY RESPONSE PLANS

An Emergency Response Plan is developed for each pipeline facility to contain, control and mitigate the various types of emergency conditions/situations that could occur at one of our facilities. For more information regarding Liberty Midstream Solutions, LLC emergency response plans and procedures, contact us directly.
