OPERATOR OVERVIEW

Dakota Natural Gas, LLC (DNG) is a regulated natural gas energy company providing natural gas distribution service to residential, commercial, industrial and agricultural customers. Pipeline sizes range from one to six inches in diameter and are comprised of high density plastic and steel.

DNG Service Centers

406 Hwy 66 | 738 1st St NE
Drayton, ND 58225 | Hillsboro, ND 58045

SAFETY IS OUR TOP PRIORITY

We are committed to public safety, health and the environment through protection, operation, maintenance and routine inspection in compliance with all applicable rules and federal regulations. Our technicians are trained to assure a safe response to operational issues and gas-related emergencies. We conduct periodic leak inspection and patrol for activities near pipelines that may have an impact on safety.

Our Pipeline Awareness Program helps prevent third-party damage and increases the public's awareness of steps to take in the event of any pipeline emergency.

For a copy of our Integrity Management Plan, Damage Prevention Plan, Pipeline Awareness or Emergency Response Plan please call us at (888) 933-9743.

HOW WE RESPOND IN THE EVENT OF A PIPELINE LEAK OR LINE HIT

To prepare for an event, we communicate, plan and train with local emergency responders. Upon notification of an event, trained and

qualified personnel are dispatched in response. Our technicians, in partnership with emergency responders, are trained to protect life, property and facilities.

DNG offers training to emergency response organizations on the hazards of and how to respond to gas-related emergencies at no cost. If you are interested in this training, please call (888) 933-9743.

WHAT ARE THE SIGNS OF A NATURAL GAS PIPELINE LEAK?

- Blowing or hissing sound
- Dust blowing from a hole in the ground
- Continuous bubbling in wet or flooded areas
- Gaseous or hydrocarbon odor
- Dead or discolored vegetation in a green area
- Flames, if a leak has ignited

HOW CAN YOU TELL WHERE A PIPELINE IS LOCATED?

Natural gas pipelines are installed underground. Therefore, to identify the approximate location, line markers are installed with the company name and emergency telephone number.

ALWAYS CALL BEFORE YOU DIG
