ABOUT US

UGC develops and operates 300,000+ acres of leasehold, with over 1,200 wells across Colorado and Utah. We also own and operate over 2,500 miles of gas gathering pipelines and three gas processing plants. We produce and market natural gas, propane, NGLs, condensate, and crude oil from our processing plants located near Rangely, CO, Mack, CO, and in Grand County, UT. Website: www.utahgascorp.com
