CENEX PIPELINE, LLC.

Cenex Pipeline, LLC. (CPL) is owned and operated by CHS Inc. CPL transports an average of 43,000 barrels of refined products a day. It spans more than 700 miles across Montana and North Dakota. CPL transports refined petroleum products from refineries in the Laurel area to terminals and tank farms in Billings, MT; Glendive, MT; Minot, ND and Fargo, ND.

CPL is continually working to improve its ability to serve its cooperative owners to ensure a reliable supply of gasoline and diesel fuel for our farmer-owners and customers. Looking to the future and as further commitment to our communities, CPL replaced the 8-inch segment of line from Sidney, MT to Minot, ND with a state-of-the-art 10-inch pipeline in 2020.

COMMITMENT TO SAFETY, HEALTH, AND ENVIRONMENT

CPL is committed to operating our pipelines safely and protecting our employees, communities and our environment. Part of this is achieved through public education and we believe furthering the general awareness of the public and being transparent to the issues surrounding our pipeline operations creates a safer system. This has included the development, implementation, and management of a Public Awareness Program. Through these efforts, CPL will enhance public safety, and reduce the risk of third-party damage to the pipeline system. The company and its management will provide the needed support, resources, and funding required to accomplish these goals. CPL's highest priority is the transportation of products throughout its system in a reliable, safe and compliant manner. CPL is dedicated to these goals and follows all applicable pipeline rules and regulations. Ensuring the mechanical integrity of its pipeline system is an important ingredient toward accomplishing our goals. To this end, CPL has created and implemented a comprehensive pipeline Integrity Management Plan. For additional information, contact us via email, phone or visit our web site as listed above.

PRODUCTS / DOT GUIDEBOOK ID# / GUIDE#:

Gasoline	1203	128
Diesel Fuel	1202/1993	128

NORTH DAKOTA COUNTIES OF OPERATION:

Barnes	Mountrail
Cass	Pierce
Eddy	Steele
Foster	Ward
Griggs	Wells
McHenry	Williams

Changes may occur. Contact the operator to discuss their pipeline systems and areas of operation.

Pipeline Markers always tell you three critical pieces of information:

1. The product being transported.
2. Name of the company.
3. The 24/7 emergency number.

If an emergency situation should arise or you see something suspicious look for pipeline markers in the area. Call 911 first, then the emergency number on the nearest pipeline marker.
