## NEBO POWER STATION

1265 Bamberger Road  
Payson, UT 84651

## NEBO POWER STATION

The Nebo Power Station consists of a combined cycle, natural gas-fired, electric generating facility with a nominal generating capacity of 140 MW located in Payson City, Utah. The facility also includes approximately six miles of gas pipelines to provide access to natural gas supplies and suppliers, and 15 miles of 138 kV and 46 kV transmission lines.

## COMMITMENT TO SAFETY, HEALTH & ENVIRONMENT

- Notify Nebo Power Station at 801-925-4025 with any concern to the public or environment due to a possible gas leak.
  - Explain your findings.
  - Give the best location description possible.
- Call the local emergency personnel if there is a danger to the public 911.
  - Emergency responders may verify main gas valve closeout with Nebo Power Station at 801-925-4025.
- Vacate the perimeter of the leak site until unauthorized personnel clear the area.
- Report any exposed pipeline due to erosion, accidental "dig in", etc. to the Nebo Power Station at 801-925-4025 immediately.
