

ABOUT SILVER CREEK MIDSTREAM

Red Butte Pipe Line LLC (a wholly owned subsidiary of Silver Creek Midstream Holdings, LLC) acquired Marathon Pipe Line LLC's interest in the existing Red Butte Pipe Line in 2018. The Red Butte Pipe Line system totals over 431 miles including 255 miles of jurisdictional pipeline; and operates in Carbon County in Montana and Big Horn, Fremont, Hot Springs, Natrona, Park and Washakie Counties in Wyoming.

SCM PR, LLC (a wholly owned subsidiary of Silver Creek Midstream Holdings, LLC) acquired some of Genesis Energy's existing Powder River Operating System in 2018 and has since been adding capacity to this system. The Powder River pipeline system totals 444 miles including 185 miles of jurisdictional pipeline and operates in Campbell, Johnson and Converse Counties in Wyoming.

WHAT DOES SILVER CREEK MIDSTREAM DO IF A LEAK OCCURS?

To prepare for the event of a leak, Silver Creek Midstream regularly communicates, plans and trains with local emergency responders.

Upon the notification of an incident or leak the pipeline company will immediately dispatch trained personnel to assist emergency responders.

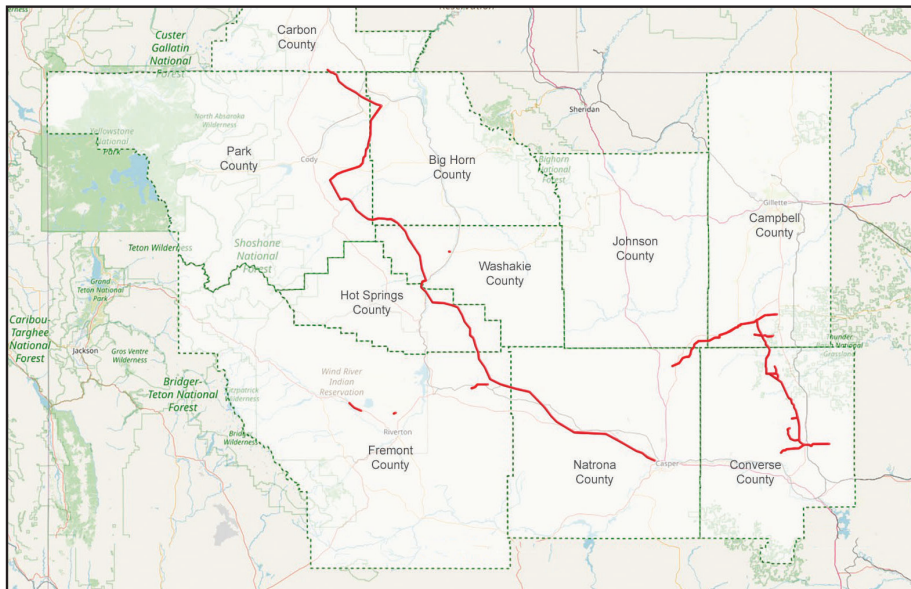

Pipeline operators and emergency responders are trained to protect life, property and facilities in the case of an emergency.

MAINTAINING SAFETY AND INTEGRITY OF PIPELINES

Silver Creek Midstream is strongly committed in our efforts to maintain high standards of performance in health, safety and the environment for our employees and the communities in which we operate. We have a strong safety record and a commitment to raising the public's awareness of pipelines and we are engaged in continuous activity to maintain the integrity and safety of these pipelines and follow all applicable state and federal regulations/laws.
