Products Transported:  
Natural Gas

24-HOUR EMERGENCY CONTACT:

**1-877-712-2288**

Operating Counties in UT:

Daggett  
Uintah

With approximately 67,000 miles of pipelines, we own an interest in or operate the largest natural gas network in North America. Our pipelines serve major consuming domestic markets and transport approximately 40 percent of the natural gas consumed in the United States. Our Pipelines are also connected to every important natural gas resource play and supply area in the United States, including the Eagle Ford, Marcellus, Bakken, Utica, Uinta, Permian, Haynesville, Fayetteville, and Barnett.

**COMMITMENT TO SAFETY, HEALTH, & ENVIRONMENT**

Our pipelines transport natural gas, gasoline, crude oil, CO2 and other products. We monitor our operations 24-hours a day, every day. We ensure public safety and safe pipeline operations through employee training, regular testing, right-of-way aerial and foot patrols and adherence to our comprehensive Integrity Management plan and procedures.

In addition to our 24-hour monitoring and ongoing safety and security procedures, Kinder Morgan relies on information from neighbors, contractors and government and safety officials to help local field personnel protect the pipeline and identify possible damage or suspicious activity.
