**CENEX PIPELINE, LLC.**

Cenex Pipeline, LLC. (CPL) is owned and operated by CHS Inc. CPL transports an average of 43,000 barrels of refined products a day. It spans more than 724 miles across Montana and North Dakota. Our pipeline size varies from 8-10 inches and MOP is up to 1440. CPL transports refined petroleum products from refineries in the Laurel area to terminals and tank farms in Billings, MT; Glendive, MT; Minot, ND; Grand Forks, ND; Fargo, ND; Chippewa Falls, WI; and McFarland, WI.

CPL is continually working to improve its ability to serve its cooperative owners. To ensure a reliable supply of gasoline and diesel fuel for our farmer-owners and customers. We are committed to the communities we serve as we provide about 40% of the fuel used in North Dakota. CHS Inc. pays roughly 4.65 million in property taxes per year which supports local education, road infrastructure, city & county services, such as public transport and mental health services.

**COMMITMENT TO SAFETY, HEALTH, AND ENVIRONMENT**

CPL is committed to operating our pipelines safely and protecting our employees, communities and our environment. Part of this is achieved through public education and we believe furthering the general awareness of the public and being transparent to the issues surrounding our pipeline operations creates a safer system. This has included the development, implementation, and management of a Public Awareness Program (PAP). Through these efforts, CPL will enhance public safety, and reduce the risk of third-party damage to the pipeline system. The company and its management will provide the needed support, resources, and funding required to accomplish these goals. CPL's highest priority is the transportation of products throughout its system in a reliable, safe and compliant manner. CPL is dedicated to these goals and follows all applicable pipeline rules and regulations. Ensuring the mechanical integrity of its pipeline system is an important ingredient toward accomplishing our goals. To this end, CPL has created and implemented a comprehensive pipeline Integrity Management Plan (IMP). For additional information, contact us via email, phone or visit our web site as listed above.

**CENEX PIPELINE, LLC PIPELINE MARKER TYPES**

Pipeline Markers always tell you three critical pieces of information:

1. The product being transported.
2. Name of the company.
3. The 24/7 emergency number.

If an emergency situation should arise or you see something suspicious look for pipeline markers in the area. Call 911 first, then emergency number on the nearest pipeline marker.
