**CENEX PIPELINE, LLC.**

Cenex Pipeline, LLC. (CPL) is owned and operated by CHS Inc. CPL transports an average of 43,000 barrels of refined products a day. It spans more than 800 miles across Montana and North Dakota. CPL transports refined petroleum products from refineries in the Laurel area to terminals and tank farms in Billings and Glendive, MT; into Minot, Grand Forks, and Fargo, ND.

CPL is continually working to improve its ability to serve its cooperative owners to ensure a reliable supply of gasoline and diesel fuel for our farmer-owners and customers. We are committed to the communities we serve as we provide about 40% of the fuel used in North Dakota. CHS Inc. pays roughly \$4.65 million in property taxes per year which supports local education, road infrastructure, city and county services, such as public transport and mental health services.

**COMMITMENT TO SAFETY, HEALTH, AND ENVIRONMENT**

CPL is committed to protecting our communities, our environment, operating our pipelines safely and protecting our employees. Part of this is achieved through public education and we believe furthering the general awareness of the public and being transparent to the issues surrounding our pipeline operations creates a safer system. This has included the development, implementation, and management of a Public Awareness Program including the critical nature of pipeline markers, Safety Management Systems, and Integrity Management Plans to increase the overall safety of our pipeline. Through these efforts, CPL will enhance public safety, and reduce the risk of damage to the pipeline system. CPL's highest priority is the transportation of products throughout its system in a reliable, safe and compliant manner. CPL is dedicated to these goals and follows all applicable pipeline rules and regulations and incorporates many industry best practices. For additional information about any of the best practices, emergency response, integrity management, public awareness efforts, or any questions you may have contact us via email, phone or visit our web site as listed above. We look forward to hearing from you with any questions you may have.

*Changes may occur. Contact the operator to discuss their pipeline systems and areas of operation.*

Pipeline Markers always tell you three critical pieces of information:

1. The product being transported.
2. Name of the company.
3. The 24/7 emergency number.

If an emergency situation should arise or you see something suspicious look for pipeline markers in the area. Call 911 first, then the emergency number on the nearest pipeline marker.
