Toll Free – 800-568-7512

Operating Counties in UT:
Uintah
Duchesne

With approximately 67,000 miles of pipelines, we own an interest in or operate the largest natural gas network in North America. Our pipelines serve major consuming domestic markets and transport approximately 40 percent of the natural gas consumed in the United States. Our Pipelines are also connected to every important natural gas resource play and supply area in the United States, including the Eagle Ford, Marcellus, Bakken, Utica, Uinta, Permian, Haynesville, Fayetteville, and Barnett.

Altamont consists of over 1,700 miles of low-pressure gas gathering pipelines, 53,000 horsepower of compression, an 80 million cubic feet per day natural gas liquids recovery plant with a 5, 600 bdp fractionator processing NGL's both recovered in the plant amd trucked in as y-grade in Altamont and a 20 million cubic feet per day natural gas liquids recovery plant in Bluebell. Propane, Field Butanes and Natural Gasoline are sold by truck from Altamont.

COMMITMENT TO SAFETY, HEALTH, & ENVIRONMENT

Our pipelines transport natural gas, gasoline, crude oil, CO2 and other products. We monitor our operations 24-hours a day, every day. We ensure public safety and safe pipeline operations through employee training, regular testing, right-of-way aerial and foot patrols and adherence to our comprehensive Integrity Management plan and procedures.

In addition to our 24-hour monitoring and ongoing safety and security procedures, Kinder Morgan relies on information from neighbors, contractors and government and safety officials to help local field personnel protect the pipeline and identify possible damage or suspicious activity.
